Special Programs

The Purple Star

The Purple Star Campus Designation recognizes Texas district and charter schools that show their support and commitment to meeting the unique needs of military-connected students and their families. The program includes an introduction to your child’s new school environment and processes. Student leaders or ambassadors to help make the transition and smooth as possible. Guided by a campus-based staff member. Newcomer social events, facilitating guided tours of the campus, and accompanying new students to lunch the first week or two of school are just some of the perks!

Student 2 Student

S2S pairs returning students with a new student and take them around to classes, eat lunch with them, introduce the new student to peers who have similar classes, sports, band etc.
